Scholarships for Underprivileged Youth
Golf Tournament
September 21, 2024

Dear Potential Sponsor,

I trust that this letter finds you in good health and high spirits. With the current economy and climate we currently face in our nation, many foster children and underprivileged youth, more specifically in our local communities, could use help to continue their educations after high school. Trinity Vision Global, our non-profit organization, helps alleviate this financial burden by empowering these precious youth to continue their education with less financial stress. We do this each year by awarding scholarships, making their educational experience better, with less financial burden and stress.

The profits from our 2024 golf tournament will specifically go towards awarding scholarships to the youth in our communities. These scholarships will afford them the opportunity to further their education when they otherwise would not be able to. These youth have either been in foster care, lived in poverty, or have slipped through the cracks. They need our help to have the finances they need to continue their education, begin their careers, and become the leaders of the future we so desperately need. Your sponsorship allows us to help our future doctors and medical staff; lawyers; mayors and other future political leaders earn the education needed to fulfill these positions. Your contribution will impact far more than just their lives, though. It will change the trajectory of their lives and the communities in which they live for the better.

Please review the included information and our website below to see how our golf tournament can help our local youth. Awarding these scholarships to our youth will give them the hand-up they need to be all they were created to be in our communities. Please consider becoming a sponsor for our golf event so you can influence our community, our youth, and our future with your contributions.

Thank you for your consideration,

Trinity Vision Global Inc.
